Who Are We?

Green Hope Uganda Ltd is a leading, outsourced cleaning company. The cleaning services that GHU LTD offer include contract cleaning, hygiene solutions, labour outsourcing, specialized cleaning and recycling services.

GHU LTD started in 2014 with just 6 cleaners. The company started in the auto dealership cleaning industry and has since expanded out into other sectors now ranging in a variety of other different industries with a team of over 6 members.

Why Use Us?

Today GHU LTD affords companies as well as individuals a professional contract cleaning service that excels in every aspect. GHU LTD is a Black Empowered Enterprise and is managed with a Broad Based status.

All our staffs are fully trained and we, as a company, strive to offer services that are largely based on "detailing" rather than cleaning.

With a vast array of experience and knowledge behind us, GHU LTD is able to cover a wide range of areas. Our well trained staff and personalized commitment to service and all clients allows us to not only work efficiently but also to provide a great turn-around time. GHU LTD offers cleaning services for small offices right through to prestigious Head

Quality Cleaning

Active Corporate Cleaning Services believes in using only the best cleaning equipment and environmentally friendly cleaning products. All cleaning chemicals, techniques and equipment are the most recent UNBS approved.

Advantages of using our Services

Training

All staffs are trained on courses that are designed to fit on with the National Qualifications framework, as required by both quality standards. Our courses include theory and practical, as well as on the job training, providing all our staffs with extensive ongoing training and development which we can customize to fulfill our clients' needs.

Client Satisfaction

Our management will be responsible for the following:

- Regular communication with the client
- Assessing client needs
- Developing client relationships
- Setting and maintaining quality standards
- Following up on inspection reports
- Monitoring complaints
- Feedback to client complaints
- Attention to detail
- Establishing a cleaning plan for the building
- Adherence to cleaning specifications

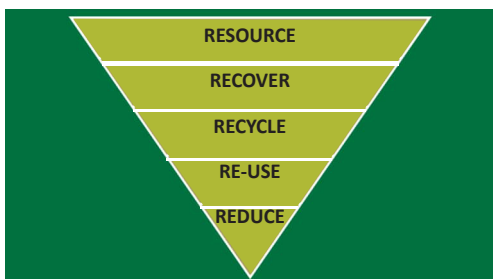

Waste Management Services

Municipal solid waste, commonly known as Trash or garbage in other countries and Rubish in Uganda. It is the waste type consisting of everyday items that are described by “Public Garbage”. Can also be referred as to specifically as Food waste, as in the Garbage disposal, the two are sometimes collected as “Domestic Waste”

Corporate Waste Our corporate waste management services are available daily, weekly or monthly depending on frequency. Which determined by the size of your office space and the amount of employees your business hires.

Our waste Management plan is based on the five Rs as illustrated below

Waste Management Services

Services

Corporate Cleaning

Our corporate cleaning services are available daily, weekly or monthly. Depending on the size of your office space and the amount of employees your business hires, corporate cleaning frequency might differ.

Auto Dealership Cleaning

Our car cleaning services ensures the immaculate cleaning and maintenance of your showroom and the vehicles in it. Automotive cleaning should provide not only a hygienic environment, but a space that will proudly represent your business.

Estate Cleaning

Estate cleaning services ensure that residents are proud of their surroundings. Likewise, having clean and presentable facilities on the property, such as pools, gate houses, public areas just to name a few.

Residential Cleaning

As residential cleaning is a more common service, our domestic cleaning staff are available on a daily, weekly and monthly basis.

Waste Management Services

We offer various waste bins that companies can either place indoors or outside. We offer a holistic on site waste management service placing a recycler as well recycling bins on site maximising company waste and insuring environmental responsibility.

Industrial Cleaning

Industrial cleaning services require stronger cleaning materials and more stringent cleaning methods in order to remove tough dirt which is typically associated with industrial manufacturing processes.

Cleaning Chemicals & Equipment included in our monthly fee!
